SUBJECT INDEX TO VOLUME 114

Abortion
risk factors for spontaneous 188–193
Absenteeism
among employees 6–10
Accreditation
food packaging hygiene accreditation scheme 277, 279
Agriculture
agricultural workers in mid-delta of Mississippi 81
pesticides containers management 81
Aids
causes of admission in South Africa 37
Air
future control 89
greenhouse gases 89
ozone 87
quality monitoring 87
smoke and SO_2 88
Alcohol
cirrhosis 100
consumption 160, 209
ischaemic heart disease 216-218
liver 100
role of the media 219-220
social issues worldwide 209-215
Amphetamine
condom use 129
criminal activity 129
harm reduction measure 127–131
Antenatal
visits/ gestational age 62
Audio Cassettes
for the visually impaired 29–32

Bacteria
food hygiene 202
Bingo
care in homes 320
Bones
smokers 265–269
Breast Feeding
in Egypt 290–296
lactation 20
Bridgework
failed bridges 83–85
Bronchitis
air pollution 87

Cancer
and the environment 157–161
breast and cervical 163
local authorities 98–99
lung 163
occupational 159
prevention 162–163
skin 163
Carbohydrate
sports nutrition 42
Care
in homes 320–322
residents 39–40
Certificate
essential food hygiene 204–207
food hygiene training 202
Children
disorders and diseases of 33
infant care 240–244
Cholesterol
with hypertension 19
Cirrhosis
alcohol 100
Clinica Tibas
health systems challenges in Costa Rica 252–255
Comfort
causes for concern 153–155
heating and ventilation 154
hypothermia 154
Communities
polarisation and residualisation 270–273
Condoms
drug users 129
Contraception
practices among schoolgirls in Nigeria 235–239
Coxiella burnetii
methods of control and the effects of 151–152
Crime
amphetamine as a harm reduction measure 129
Crohn's Disease
smoking 317

Dentistry
failed conventional bridge work 83–85
Diabetes Mellitus
epidemiologic study in the Sudan 178-181
Diet
for training and competition 42
hypertension 18
irritable bowel syndrome 185
Disabled people
in buildings 304–308
Diseases
bronchitis 87
coxiella burnetii 151
Crohn's disease 317
diabetes mellitus in Sudan 178–181
inflammatory bowel disease 317–319
ischaemic heart 216–218
of children 33
Q fever 151
tuberculosis 37
ulcerative colitis 317
District Nurses
shared learning and students perception 69–74

SUBJECT INDEX TO VOLUME 114

Drugs
- amphetamine 127–131
- predictors of HIV status among users 75–80
- usage 77

Due Diligence
- food hygiene 263–264

Education
- essential food hygiene certificate examination 204
- food hygiene training 202–203
- maternal 135
- managing special education needs 44–46
- residency training in graduate medical 14–16
- sex 237
- sexual promiscuity 137

Electricity
- electromagnetic therapies and magnetism 91–97

Employers
- cancer 98
- mandate 101

Energy
- lactation 21
- metabolism 41

Environmental Health
- air pollution 86
- management system in USA 140–143
- uranium 11

Epidemiology
- Q fever 151
- diabetes mellitus in Sudan 178-181

Estates
- health aspects of housing 274

Ethics
- whistleblowing in the NHS 260

Exercise
- and activity 328

Extermination
- of rats 302

Fetus
- smoking effects 198-201

Fire
- disabled people in buildings 304–308

First Aid
- effects of training on public awareness 67–68

Food
- due diligence 263–264
- EC hygiene directive: industry guides 208
- essential food hygiene 204–207
- hygiene training for people with learning difficulties 202–203
- irradiated foods 194–196
- meat hygiene: deregulation and contracting out bill 201
- new regulations 278
- packaging hygiene accreditation scheme 277/279
- poisoning 207
- storage of 301

Geochemistry
- in Cornwall 11

Gestation
- antenatal visits 62

Glycogen
- sports nutrition 42

Health
- aspects of housing estates 274
- cancer prevention 162
- clinica tibas 252–255
- comfort and 153
- research: background & immediate implications 144–148

Health and Safety
- At Work Act 98
- occupational safety and health administration (OSHA) 141

Health promotion
- HIV status 75
- oral health in schoolchildren 311–313

Health related professions
- whistleblowing 256-262

Health visitors
- shared learning 69–74

Hepatitis B
- studies in South Africa 37

HIV
- among injecting drug users 75–80
- clinical practice guideline 165

Hospital
- employee sickness absenteeism 6–10
- causes of admissions 33–37

Hygiene
- causes of hospital admissions 36
- EC food hygiene directives: industry guides 208
- essential food hygiene 204–207
- due diligence 263
- food packaging hygiene accreditation scheme 277/279
- training in food hygiene 202–203

Hypertension
- age and sex 18
- cholesterol 19
- clinical epidemiological study in India 17–19
- dietary habits and obesity 18
- occupation related 18
- personal habits 19

Hypothermia
- comfort and health 154

Industry
- guides: EC Food Hygiene Directive 208
- the drinks' 209–215

Injuries
- management of a seriously injured patient

SUBJECT INDEX TO VOLUME 114

Inflammatory Bowel Disease
- Crohn's disease 317
- smoking 317–319
- ulcerative colitis 317

Irradiation
- foods 194–196

Irritable Bowel Syndrome
- gastrointestinal symptoms and diet 182-187

Lactation
- breast feeding 20, 290–296
- ethnicity 23
- importance of 20–28
- maternal age and parity 25
- nutritional requirements 21
- smoking 25
- social factors 24

Lead
- air pollution 87
- poisoning from paint 245–247

Learning
- shared between health visitors and district nurses 69–74
- training for people with learning difficulties 202–203

Legislation
- managing special education needs 44

Leisure
- exercise and activity 328
- later life and care in homes 320–322
- recreation in old age 323–327
- reminiscence activities 329
- therapeutic recreation 330

Liver
- alcohol 100

Local authorities
- cancer 98
- blaming the victim 99

Lung
- cancer 163

Magnetism
- nerve stimulation 96
- uses and abuses 91–97

Media
- alcohol 219–220

Medicare
- reliance upon 101

Menstruation
- activities 242

Metabolism
- energy 41
- uranium 12

Mississippi
- agricultural workers 81

Mothers
- antenatal visits 62

NHS
- management 149

Nursing
- research for 147

Nutrition
- carbohydrates 41/42
- dietary recommendations for training and competition 42
- nutritional intake 36
- sports 41

Obesity
- hypertension 1

Obstetrics
- services in rural Nigeria 132–1368

Occupational Health and Safety
- administration (OSHA) 141
- Q Fever 151–152
- cancer 159
- hypertension 18

Old age
- recreation 323–327
- reminiscence activities 329

Oral Health
- in schoolchildren 311–313

Out-patients
- soft systems Methodology 248–251

Ozone
- air pollution 87

Parkinson's Law
- NHS management 149–150

Patients
- Aids 37
- causes of admissions to Murchison Hospital 33
- complaints on failed bridgework 84
- diabetes mellitus in the Sudan 178
- management of a seriously injured patient 67
- tuberculosis 37

Pesticides
- containers management 81

Pharmacy
- health aspects of housing estates 274

Plague
- In India 314–316

Poisoning
- food 207
- lead poisoning from paint 245–247

Polarisation
- and residualisation 270–273

Pollution
- acid deposition 87
- air quality monitoring 87
- air health in Poland 309–310
- bronchitis 87
- ozone 87

SUBJECT INDEX TO VOLUME 114

Population
hypertension in rural 17–19
Pregnancy
characteristics of pregnant women by nationality 63
experience, knowledge 240–244
in schoolgirls 236
smoking 198–201
spontaneous abortion 188–193
Public Awareness
first aid training 67–68
Public Health in the United States
competing health reforms plans in Congress 47
comprehensive health care reform's imminent death 275
core public health functions 164
critical issues in the National Health reforms plans 101
health care reform's tortuous legislative battle 221
Public Health
rat infestations in Nigeria 300–303
Q fever
epidemiology and ecology 151
occupational health and safety 151

Radiation
exposure 160
Rat Infestations
in Nigeria 300-303
Religion
use of obstetrics in rural Nigeria 135
Recreation
in old age 323–327
therapeutic 330
Research
for health 144–148
Residential Care
inspection and standard setting in care of homes 39–40
Residualisation
polarisation and 270–273
Reproduction
contraceptive practice among schoolgirls in Nigeria 235–239
Risk Reduction
safety seat belts 297–299
Sanitation
rat infestation 301
rural areas 36
Schoolchildren
oral health 311–313
Seat-belts
risk reduction 297–299
Self-help
irritable bowel syndrome 182–187
Sex
contraceptive practice in Schoolgirls 237
promiscuity 137–139
Sickness
absenteeism 6–10
Skin
cancer 163
Smoking
air pollution 87
chronic inflammatory bowel disease 317
Crohn's disease 317
lactation 25
less dense bones and fewer teeth 265–269
new series 197
pregnancy and the fetus 198–201
responsible employers 98
tobacco tax 101
ulcerative colitis 317
Soft Systems Methodology
simulation of out-patients services 248–251
Special Education
education bill 45
legislation 44
needs 44–46
Sport
carbohydrates 41,42
energy metabolism 41
glycogen reflection 42
nutrition 41

Tax
Tobacco 101
Technology
audio cassettes for visually impaired 31
Teeth
smokers and 265–269
Temperature
food hygiene 203
Training
food hygiene for people with learning difficulties 202–203
in graduate medical education 14–16
recreation in old age 326
Trauma
causes of hospital admissions 37
Tuberculosis
causes of admission 37

Ulcerative Colitis
and smoking 317
Uranium
in rock, soiland water 11
metabolism 12
plants and animals 12

Visually Impaired
audio cassettes 29

Water
supply in rural areas 36
uranium 11
Whistle-blowing
in health professions 256-262

INDEX TO AUTHORS OF BOOKS REVIEWED – VOLUME 114

AUTHOR	BOOK	PAGE
Andermann *et al*	Occipital Seizures and Epilepsies in Children	282
Burrows L, Phelps L and **Walentowicz P**	For Whose Benefit?	104
Buttriss J	Nutrition, Social Status and Health: special needs of children, women and elderly people	49
Central Office of Information (COI) (HSE)	Shock Horror	171
Crepet P, Ferrari G, Platt S and **Bellini M**	Suicidal Behaviour in Europe – Recent Research Findings	48
Doessel D P	The Economics of Medical Diagnosis: Technological Change and Health Expenditure	103
Dominian J, Mansfield P, Dormor D and **McAllister F**	Marital Breakdown and the Health of the Nation	49
Donaldson R J and **Donaldson L J**	Essential Public Health Medicine	227
Goldhor-Lerner H	The Dance of Deception	282
Grant D and **Joice J**	Food Combining for Health – A New Look at the Hay System	103
GraphPad Instat	Computer Programme Review	171
Gruetzner H	Alzheimer's – Updated and Revised: A Caregiver's Guide and Sourcebook	103
Holland B	Vegetable Dishes – Second Supplement to McCance & Widdowson's Composition of Foods	170
Hull S	Safe Cooking for a Healthy Baby	104
Hunter J M, Rey L, Chu K Y, Adekolu-John E O, Mott K E	Parasitic diseases in water resources development	339
King A, Hyclak T, Thornton R and **McMahon S**	North American Healthcare Policy in the 1990s	338
Le Tissier J	Food Combining for Vegetarians – Eat for Health on the Hay Diet	103
Lewis J W and Maizels R M	Toxocara and Toxocariasis	339
Mace N L, Rabins P V, Castleton B A, McEwen E and **Meredith B**	The 36-hour Day	171
Macintyre A	ME – Post-viral Fatigue Syndrome: How to Live With It	103
Molloy W and **Mepham V**	Let Me Decide	226
Morrison P and **Burnard P**	Aspects of Forensic Psychiatric Nursing	49
Mwale G and **Burnard P**	Women and AIDS in Rural Africa	226
Neal A C and Wright F B	The European Communities' Health and Safety Legislation	338
Prowle M	Studies in Decentralisation and Quasi-Markets – Purchasing in the NHS: a managerial perspective	48
Redgrave L	Diet For Life – How I Lost Weight and Learned to Stay Slim	227
Roger J, Bureau M, Dravet Ch, Dreifuss F E, Perret A and **Wolf P**	Epileptic Syndromes in Infancy, Childhood & Adolescence	48
Stevenson J C and **Marsh M S**	An Atlas of Osteoporosis	104
Townsend P, Davidson N and **Whitebread M**	Inequalities in Health	282
UNICEF and **WHO**	International Child Health: a digest of current information	49
UNICEF and **WHO**	International Child Health Vol III No 4	283
UNICEF and **WHO**	International Child Health	227
Wallace M	The Silent Twins	227
Westcott P	Pelvic Inflammatory Disease and Chlamydia	283
WHO	Electromagnetic Fields	283
WHO	Evaluation of Certain Veterinary Drug Residues in Food	283
WHO	Expert Committee on Specifications for Pharmaceutical Preparations	282
WHO	International Programme on Chemical Safety	339
WHO	IPCS Alpha-Cypermethrin	226
WHO	IPCS Endrin	49
WHO	IPCS 2-Nitropropane	170
WHO	IPCS Partially Halogenated Chlorofluorocarbons	170
WHO	IPCS Quality Management Chemical Safety Testing	226
WHO	Prevention of Childhood Blindness	171
WHO	Readings on diarrhoea	170
WHO	The Control of Schistosomiasis	227
WHO	Treatment of Tuberculosis	282
WHO	World Health Statistics: communicable disease, epidemiology & control	48
Wishwakarma R K	Health Status of the Underprivileged	338
